CORPORATE INFORMATION SECURITY & ACCESS POLICY

1. PURPOSE
To protect organizational data assets, customer records, and network infrastructure from unauthorized access, breach, and digital threats.

2. PASSWORD REQUIREMENTS
All system passwords must contain a minimum of 14 characters, combining uppercase, lowercase, numbers, and special symbols. Passwords must be rotated every 90 days.

3. MULTI-FACTOR AUTHENTICATION (MFA)
Hardware-backed or authenticator-app MFA is mandatory across all workstations, VPN connections, and cloud dashboards. SMS-based MFA is prohibited.

4. INCIDENT REPORTING
Any suspected security incident or lost device must be reported to sec-ops@example.com within two (2) hours of discovery.
